

Match the correct synonym for each word.

cold

tired

walk

popularity

courage

munch

eat

stroll

sketch

draw

exhausted

chilly

beast

bravery

fame

animal

Write the paragraph on “My best friend” using given vocabulary.

lives, intelligent, caring, play, visit, homework

Use the following homonyms in sentences.

Word	Meaning	Sentences
clip	to fasten	
clip	short video	
drop	to leave	
drop	droplet	
file	to arrange	
file	folder	

Write underlined common and proper noun

common noun proper noun

Hameed is a boy.		
Pakistan is a big country.		
Noreen is my sister.		
The next month is February.		
Karachi is a port city.		
K2 is the second-highest peak.		
English is my favourite subject.		
Ziarat is a city in Balochistan.		

3- Fill in the blanks with the present continuous form of verb.

1. I am _____(listen) to my favourite poem.

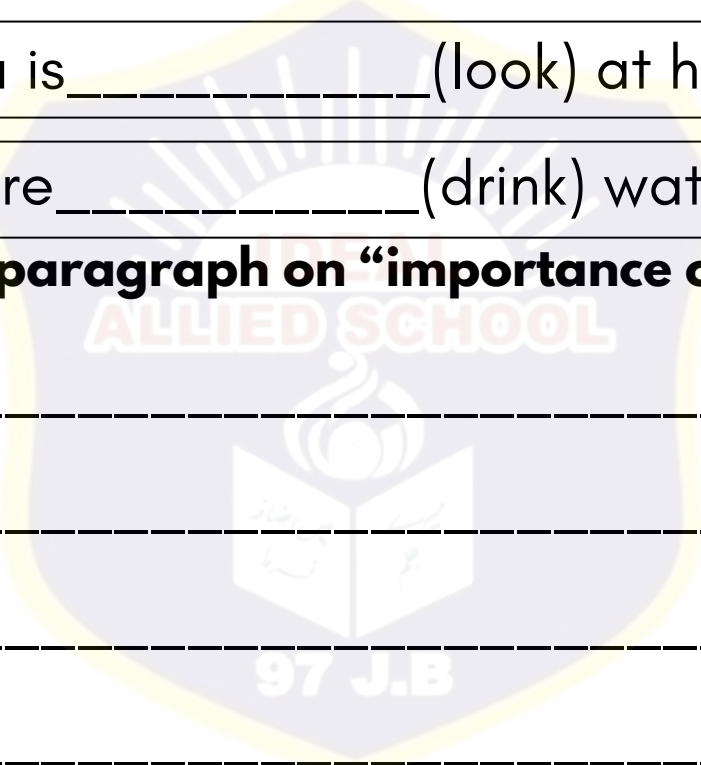

2. She is _____(cook) in the kitchen.

3. He is _____(jump) over the wall.

4. He is _____(hop) like a rabbit.

5. Shakila is _____(look) at her pet.

6. They are _____(drink) water.

4- Write a paragraph on “importance of Helping others.

Fill in the blanks with “a”, “an”, or “the” as needed.

1. He ate _____ egg.

2. I saw _____ hen.

3. She saw _____ elephant in the zoo.

4. He lost _____ book I gave him yesterday.

5. I saw a boy. _____ boy was running.

6. He used _____ umbrella in the rain.

Arrange the following into sentences.

like / I / you.

English / she / speaks.

sell / flowers / we.

they / a song / sing

Write a paragraph on “My country, Pakistan” using given words.

four provinces, capital, beautiful, largest province, national language, atomic power, national dress, love

Write a get well soon letter to your friend.

1- Join the following words to make compound words.

1. sun

ball

2. basket

ball

3. foot

flower

sunflower

4. rail

shake

5. milk

way

6. bird

shelf

7. house

fly

8. book

house

Fill in the blanks.

1. I always _____ my friends. (help)

2. She _____ milk, not tea. (like)

3. They __ the teacher's help. (need)

4. We _____ our parents. (love)

5. He _____ very little. (eat)

6. We _____ near the railway station.(live)

Rewrite each sentence in the space given below with correct capitalization and spelling.

the school principle will visit the class tomorrow.

waqar walked home by his self in the poring rain.

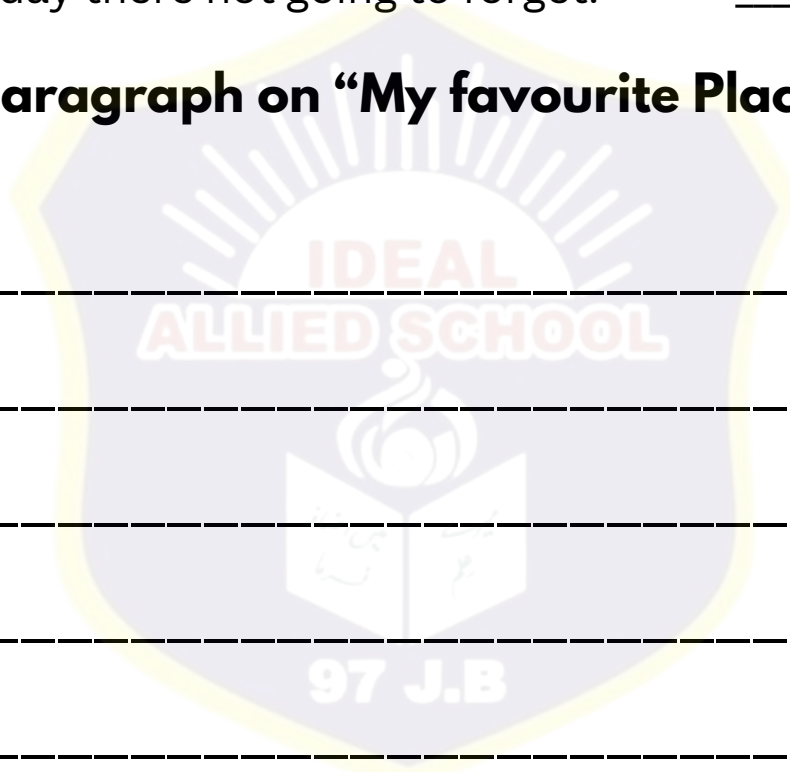

The dog barked at the beger he must have been fritened.

Pakistan is a beautiful country.

do you need more soup

Correct the spellings from the sentences.

1. I have to brothers and a sister. _____
2. We can't stay up two late on a school night. _____
3. My teachers gave a folder too each student. _____
4. The library book is over their. _____
5. This is a day there not going to forget. _____

Write a paragraph on “My favourite Place to Visit”

Write past and past participle forms.

Base	Simple Past	Past Participle
bark		
attack		
work		
arrange		
intend		
break		
fall		

2- Correct the spellings from the sentences.

Words	Synonyms	Antonyms
remember		
excited		
happy		

3- Write a descriptive paragraph on the topic “My Eid Day”.

4- Write the compound words by using word bank.

group, day, ball, fly, time, board, light, corn

sun		birth	
play		bed	
cup		foot	
pop		butter	

Write the answers of the questions.

What is your name?

How old are you?

When is your birthday

Do you have any brothers or sisters?

Do you have any pets?

What is your favourite school subject?

What is your favourite TV show?

Why do we go to school?

Write a paragraph on “My Father” using correct capitalization and punctuation and spelling.

Write words to complete with the help of words and pictures.

1122 , crying, worry, firefighters, house

Look! That _____ is on fire.

Please call rescue _____ quickly.

I'm sure the _____ will save the people.

Don't worry and stop _____.

Don't _____! I'll help you.

Fill in the blanks using suitable similes.

It was as big as an ———.

eagle/elephant

He looks like _____ , out of water.

an eagle/a fish

The clothes were soft like _____.

velvet/canvas

This bag is as — as lead.

light/heavy

She is as _____ as a bee.

busy/ free

Write a short note to your friend inviting him and his family members during the coming summer vacation.

Illustrate the use of can /cannot, may/may not and should/should not.

You----- not come in.

They----- not be trustworthy enough.

I----- speak a little Russian.

We-----disobey our elders.

You----- stop.

It----- rain today.

We----- see our neighbour in the garden.

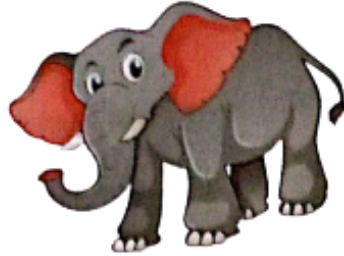

She----- speak French very well.

We----- be there by 8:00 pm.

2- Read the sentences and circle the transitional words.

1. People use 43 muscles when they frown; however, they use 28 muscles when they smile.
2. Therefore, it is easy to understand the movement of muscles on different occasions.
3. All of my sisters are doctors, whereas I am a writer.
4. Many countries, for example, Mexico and Japan, have a lot of earth- quakes.

Write the few lines about the given animals.

Write a short paragraph about “Cleanliness”

97 J.B

Write this, that, these or those in the following sentences.

Example:

These are my books.

Those are your books.

1. _____ is a red pen.

2. _____ are blue pens.

4. _____ are your bikes.

5. _____ is the school bag.

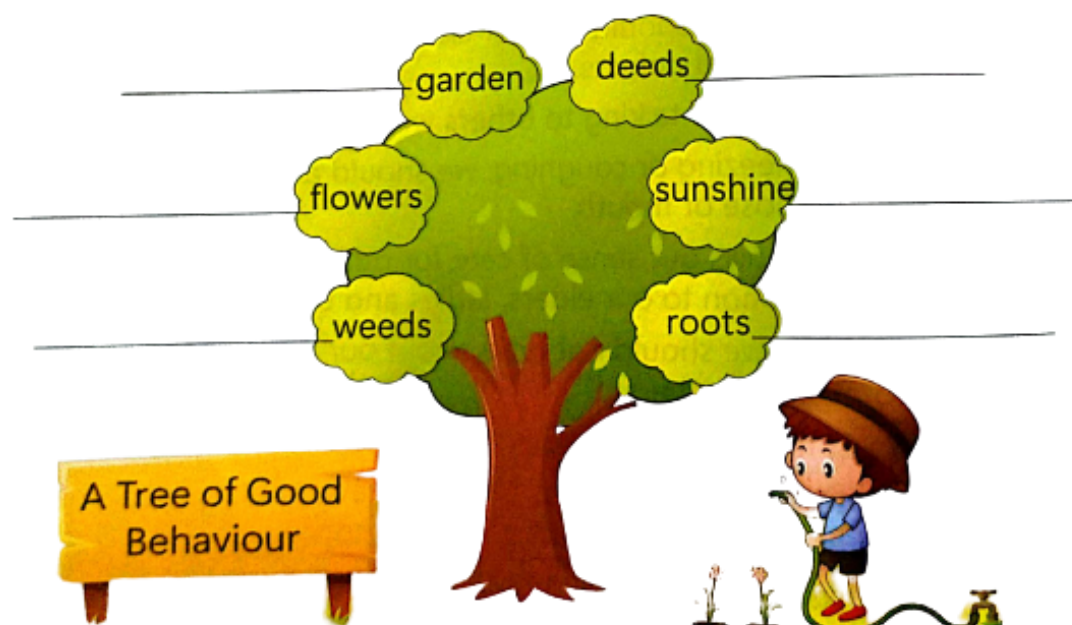

6. _____ shoes are too big for me.

7. _____ ball is my favourite.

8. _____ decorations in that tree are beautiful.

Write some ways to avoid or deal with bullying.

4- Join the matching words to form compound words.

home

day

yester

master

head

box

sand

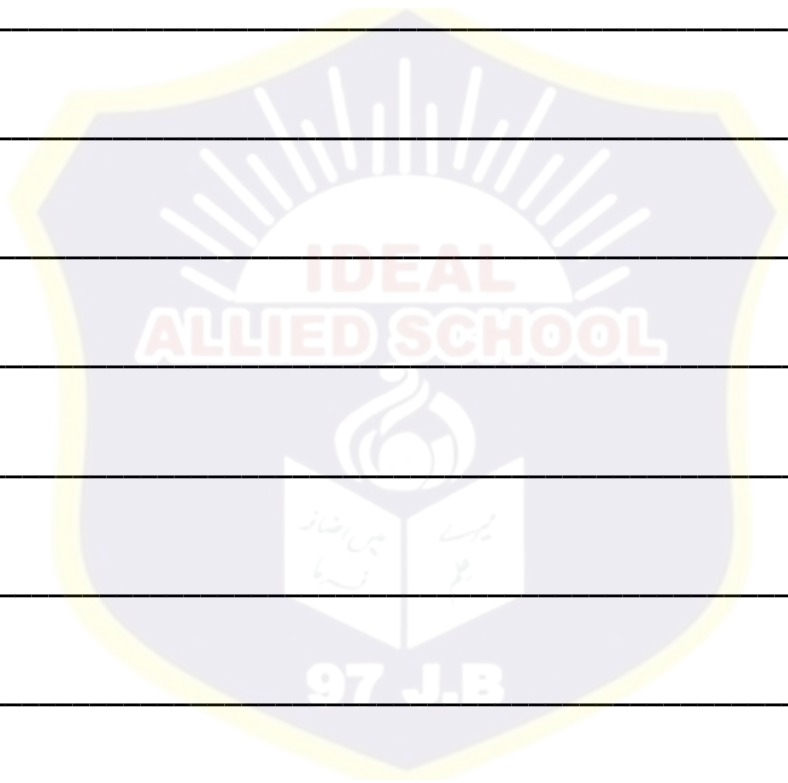

bone

back

work

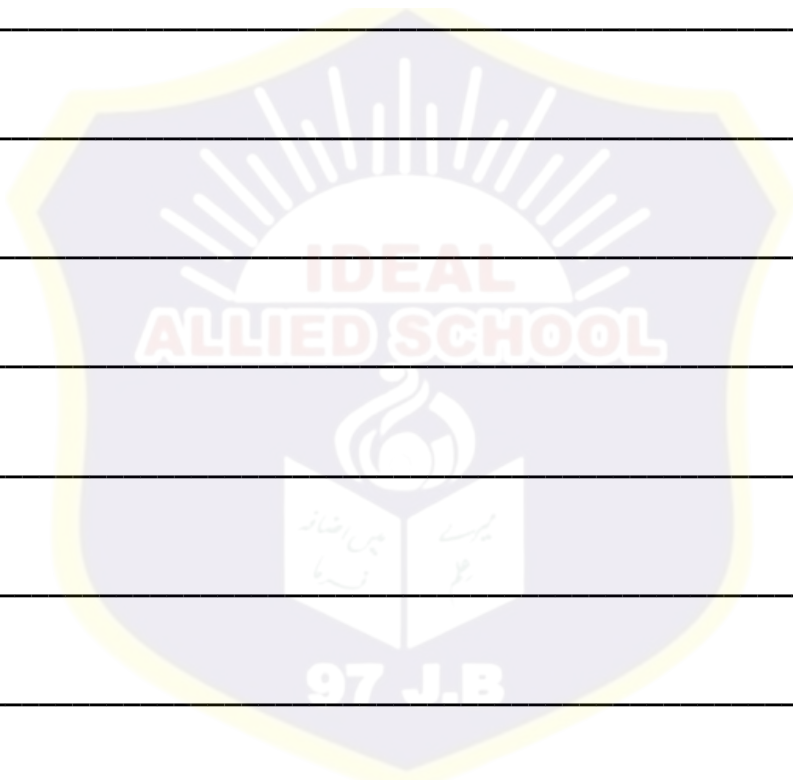

Write an essay on “My Self”.

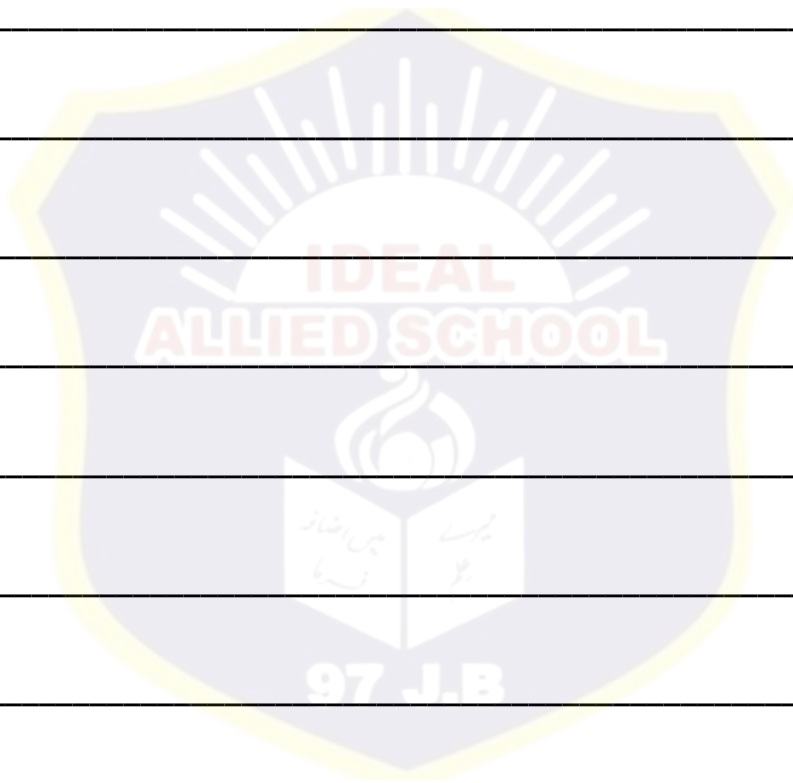

Write an essay on “My best friend”.

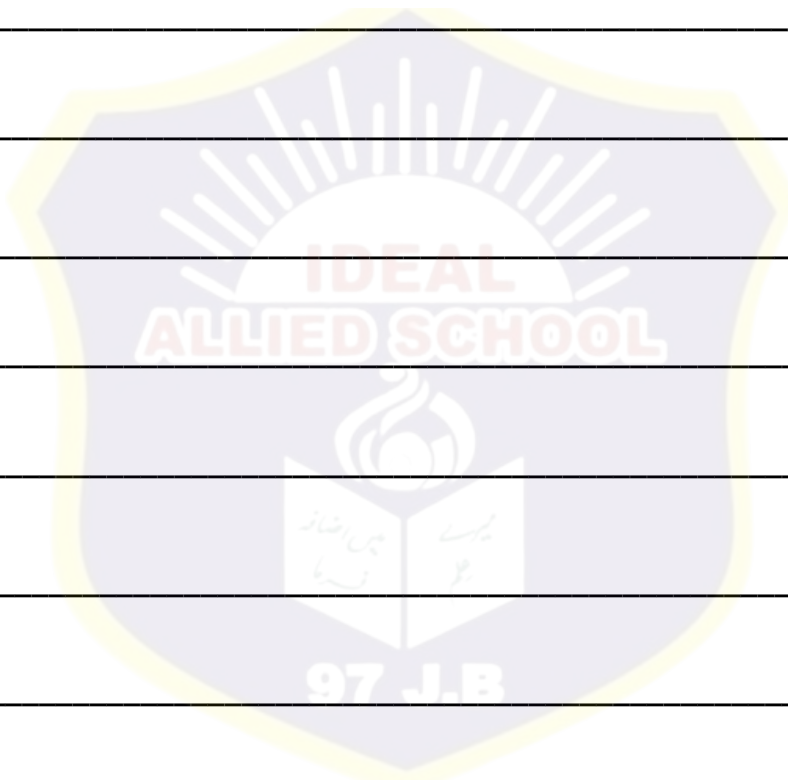

Write an essay on “My School”.

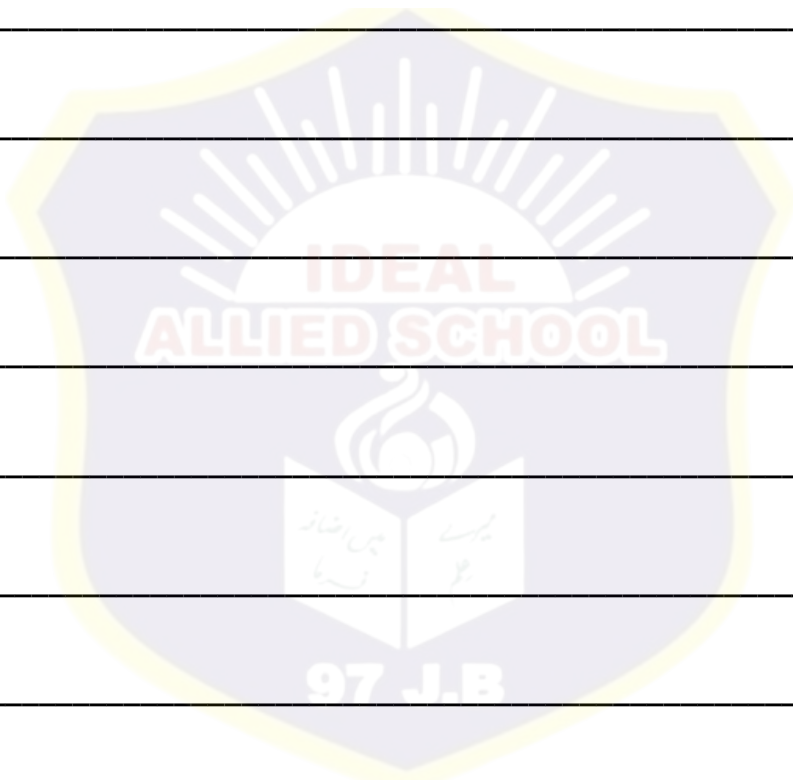

Write an essay on “My Book”.

Write an essay on “Our flag”.

Write an essay on “A morning walk ”.

Write an essay on “Allama Iqbal”.

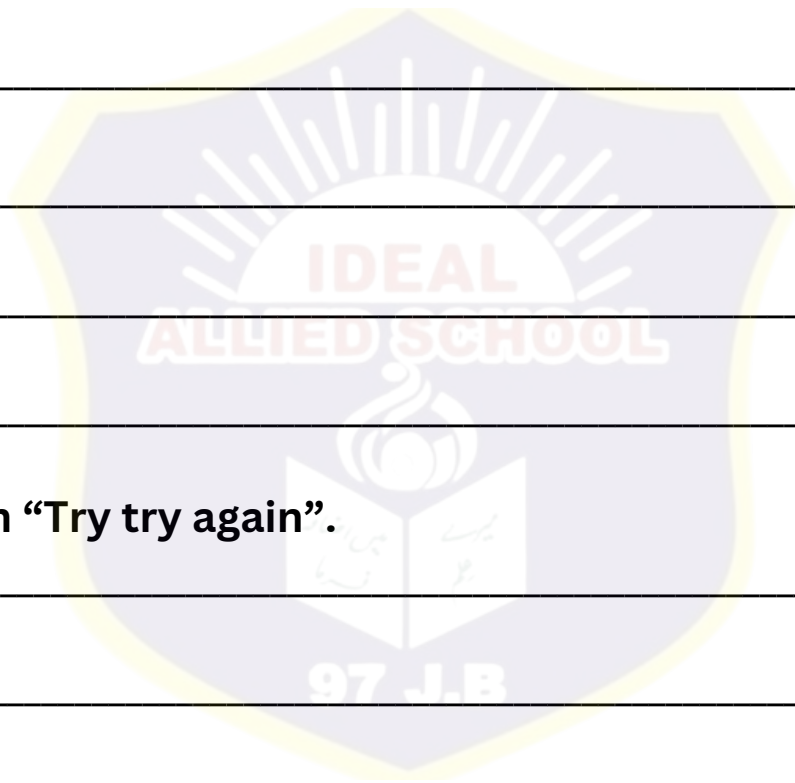

Write a story on “Thirsty Crow”.

Write a story on “Fox and grapes”.

Write a story on “Greedy dog”.

Write a story on “Try try again”.

Write an application for “Sick leave ”.

Write an application for “Urgent peace of work”.

Write an application for “Marriage party”.

Write an application for “Mother ill”.

Write a letter to “Friend inviting him on birthday party”.

Write a letter to “Father ask him to send money”.

Write a letter to “cousin inviting him to attend your brother’s wedding”.

Write a letter to “friend for borrowing some books”.

Write the following into numbers and words.

Numbers	Words
3,123,405	
7,212,864	
5,000,864	
1,700,321	
9,999,999	
	One hundred thirty thousand, four hundred and twenty-one
	Nine million, eight hundred six thousand five hundred and eighty-four
	Eight hundred eighty one thousand, three hundred and eighty one
	three million, two hundred fifty-six thousand, seven hundred and twenty
	Seven million, five hundred seventy-six thousand and fifty-four
200301	
453021	

Add the given numbers.

$$\begin{array}{r} 40 \\ + 16 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 515 \\ + 233 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 515 \\ + 233 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 75191 \\ + 14708 \\ \hline \\ \hline \end{array}$$

Numbers	Answer
707764+28765	
534533+5467	
128888+4444	
170645+675	
485344+89	
713846+9	

**4- Subtract the following numbers**

$$\begin{array}{r} 413487 \\ - 201365 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 557495 \\ - 436499 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 846010 \\ - 319394 \\ \hline \\ \hline \end{array}$$

$$\begin{array}{r} 936433 \\ - 425000 \\ \hline \\ \hline \end{array}$$

Numbers	Answer
8347-627	
66152-17264	
183273-98081	
47282-10109	
5000 less than 42037	
81000 less than 88980	
17350 less than 847,000	

In the elections, Mr. Akmal got 157,730 Votes and Mr. Usman got 150,986 votes. Who got more votes? How many more?

shopkeeper earns Rs. 60,980 in March and Rs. 87,095 in April. How much more money does he earn in April?

There are 34,763 trees on the plantation. In a storm, 14999 trees fell. How many trees are still standing?

A foundation decided to raise Rs.999,000 to help survivors of an earthquake. The foundation was able to raise Rs. 802,136 in one week. How much money left to attain their target.

Multiplication.

$$85021 \times 69$$

$$25012 \times 369$$

$$63321 \times 354$$

$$1392 \times 271$$

$$25197$$

$$\times 107$$

$$24009$$

$$\times 327$$

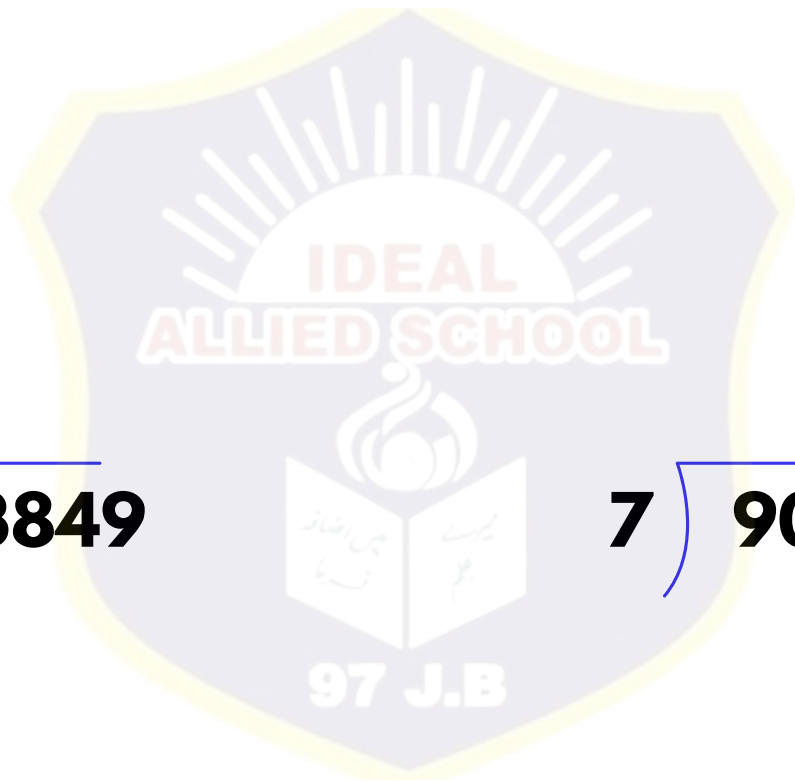

Divide and check the answer.

$$3 \overline{) 7483}$$

$$8 \overline{) 73838}$$

$$12 \overline{) 73849}$$

$$7 \overline{) 90876}$$

Find the quotient and remainder.

45633 by 3

53557 by 23

26789 by 15

45477 by 42

Which of the given numbers are divisible by 7

5783

64325

57432

60007

3124

10010

10020

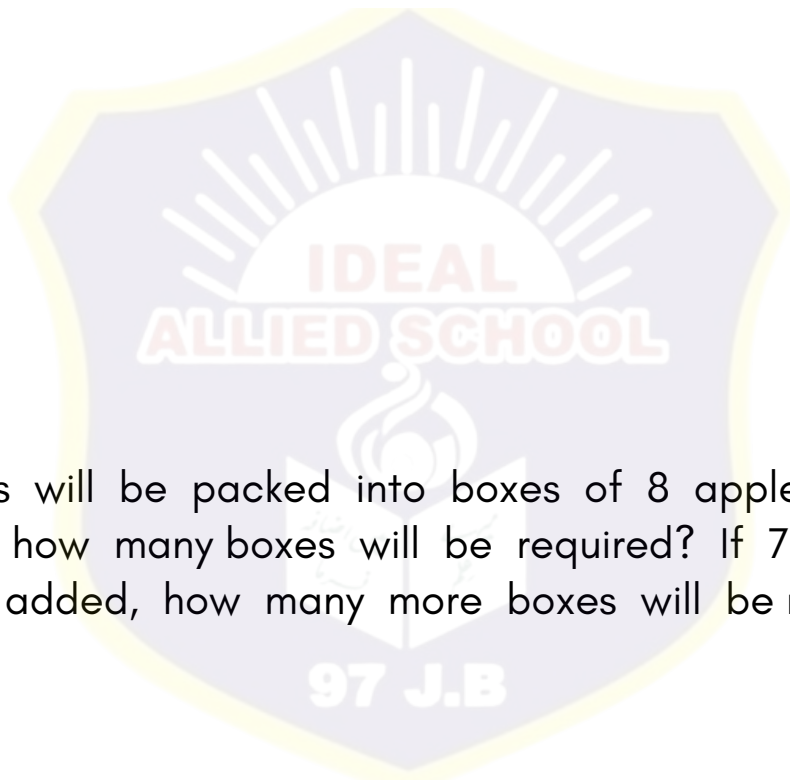

10000

**Solve the followings.**

At a supermarket, 950 apples were placed in 3 piles. Each pile contained the same number of apples. At most, how many apples were there in each pile? How many apples were left over?

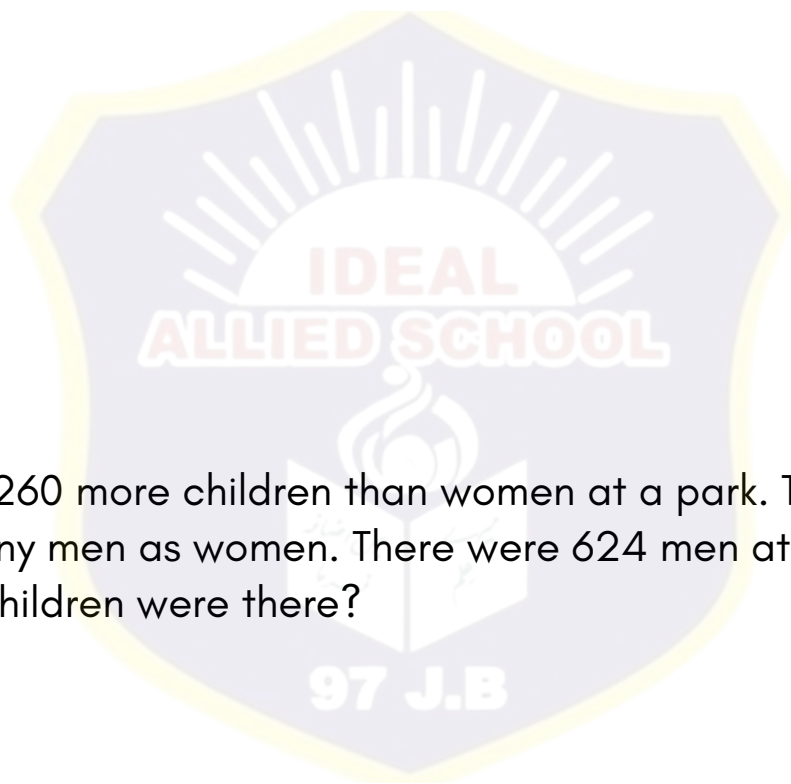

8760 apples will be packed into boxes of 8 apples each. To pack them, how many boxes will be required? If 72 more apples are added, how many more boxes will be required then?

**Solve the followings.**

The sixth and seventh grades have 362 students taking buses for a field trip. Each bus holds 46 people. What is the fewest number of buses needed for the trip?

There were 260 more children than women at a park. There were 4 times as many men as women. There were 624 men at the park. How many children were there?

**1- List all the factors of each number.**

Numbers	Factors
12	
22	
7	
18	
35	
108	

2- Write all the common factors for each set of numbers.

8 and 24

16 and 20

6,9, and 12

15,30, and 45

12,18

45, 20

Write the factors of each number given below. Circle the common factors and find the highest common factor for each pair of numbers.

6,12

**Solve the following.**

A shopkeeper sells candles in packets of 12 and candle stands in packets of 8. What is the least number of candles and candle stands Nita should buy so that there will be one candle for each candle stand.

Find the greatest number which divides 45, 125, and 180.

A grasshopper and a frog start together and jump along the same path. The grasshopper always jumps 12 cm and the frog always jumps 15 cm. Will they ever land in the same spot again? Where?

Add these fractions.

$$\frac{1}{5} + \frac{3}{5}$$

$$\frac{9}{7} + \frac{4}{17}$$

$$\frac{12}{40} + \frac{14}{40} + \frac{16}{40} \quad \frac{10}{20} + \frac{4}{20} + \frac{5}{20}$$

$$\frac{2}{21} + \frac{7}{21}$$

$$\frac{4}{18} + \frac{5}{18}$$

Solve the following fractions.

$$18 \frac{11}{12} - 9 \frac{16}{70}$$

$$14 \frac{7}{10} - 8 \frac{3}{10}$$

$$3 \frac{1}{5} - \frac{4}{5} + 1 \frac{7}{5} \frac{1}{11} + \frac{4}{11} + 5 \frac{5}{11}$$

Solve the following fractions.

$$\frac{3}{10} + \frac{1}{5}$$

$$\frac{7}{8} - \frac{5}{8}$$

$$8 \frac{7}{12} + \frac{5}{12}$$

$$\frac{1}{20} - 3 \frac{4}{10} + \frac{5}{40}$$

$$\frac{3}{4} \times 2 \frac{2}{3}$$

$$6 \times 5 \frac{3}{5} \times 1 \frac{7}{8}$$

Solve the following fractions.

$$\frac{16}{25} \div \frac{1}{5}$$

$$\frac{9}{10} \div \frac{6}{7}$$

$$\frac{5}{24} \div \frac{5}{12}$$

$$\frac{14}{15} \div \frac{8}{9}$$

$$27 \div \frac{3}{5}$$

$$84 \div 5\frac{1}{5}$$

Write each percent as a fraction.

46%**30%****70%****92%****8%****71%****89%****89%**

Write as a fraction in simplest form.

75%**15%****13%****22%****15%****80%****8%****66%**

Out of 100 students, 59 are soccer players. What percent of the students soccer players? What percent are not the soccer players?

1-Fill in the blanks with the help of given words;

Data, electronics, manpower, accounts, information technology

1	_____ is the study and use of computers for storing and analysing information.
2	Computer is an _____ machine that can store, and find information, do calculations and control other machines.
3	Processing means to perform a series of operations on the _____ in a computer.
4	Computer has helped reduce the _____ required to do a job.
5	Banks use computers to maintain their customers _____.

2- Write (T) for true and (F) for false statement.

The present generation is known as the IT generation or computer age.	☐
Output refers to the act of putting information into a computer.	☐
Computers need various devices in order to perform a variety of functions.	☐
Computers can think and feel anything.	☐
Schools use computers to maintain students records.	☐

1-Fill in the blanks with the help of given words;

supercomputers, abacus, vacuum tubes, Fabric looms, Microcomputers

1	Counting frame was commonly known as_____.
2	Punched Cards were invented to work on_____.
3	First generation of computers used_____.
4	_____are used for simple calculations and are very big computers.
5	_____are the most advanced computers.

2- Match the following column with their picture.

Charles Babbage

John Napier

Herman Hollerith

Joseph Marie

William Oughtred

1-Fill in the blanks with the help of given words;

contrasts, operating system, brain, graphic software, package

1	Software is the _____-of the computer and hardware is the body of the computer.
2	_____is an interface between user and the computer hardware.
3	_____ is used for adding, creating, altering, deleting, saving, importing graphics.
4	_____is a set of related programs for a particular type of task.
5	Computer software _____with computer hardware.

2- Write (T) for true and (F) for false statement.

Hardware is the program that runs the computer.	☐
A program tells the computer what to do and how to do.	☐
Utility software is made for specific use.	☐
You can use word processing software to beautify your text, add pictures and add effects.	☐
Multimedia software is used for altering, deleting, saving, importing, etc. a particular animation	☐

1-Fill in the blanks with the help of given words;

ROM, Secondary, RAM, CDs, DVDs, 700MB

1	Primary memory and _____ memory are two types of storage and devices.
2	_____ stands for Read Only Memory.
3	_____ is also called uolatile memory.
4	The storage capacity of a CD is up to_____.
5	A bluray player can also be used to run _____ and _____.

2- Write (T) for true and (F) for false statement.

Hardware refers to the physical parts of a computers.

We cannot attach additional hard dish to the computer to increase the storage capacity.

ROM stores the data and instructions put by the manufacturer to run the computer.

When a computer starts, its operating system is loaded onto the RAM.

Computer can understand only binary language.

3- Answer the following questions:

1. What is a storage device?

2. What are the two types of computer memory?

3. Write about RAM and ROM in brief.

4. What is the function of a hard disk?

5. What do you understand by binary language?

6. Write a few uses of storage devices.

1-Fill in the blanks with the help of given words;

connectors, decision box, flowcharts, pictorial, algorithm

1	An _____ comprises of simple steps that can be easily understood by a user.
2	A flowchart is a _____ representation of steps for solving a particular problem.
3	_____ are used to connect one part of flowchart to another.
4	_____ generally flow from top to bottom or left to right.
5	_____ is used for checking any condition in a flowchart.

2- Write (T) for true and (F) for false statement.

A flowchart is a set of instructions given to the computer.

The rectangle symbol is used to write the instructions for processing.

If a flowchart is very complicated, it is better to use connectors.

Flowcharts only flow from bottom to top.

Flow lines are used to connect the algorithms.

1-Fill in the blanks with the help of given words;

subscript, format painter, footer, superscript, portrait

1	_____ is a tool in MS Word which is used to copy the formatting of a portion of a text to another portion.
2	_____ option places the selected text slightly below the line of normal text.
3	_____ option places the selected text slightly above the line of normal text.
4	You can add some important information about your document as Header and _____ in MS Word.
5	The paper orientation by default is set to _____.

2- Write (T) for true and (F) for false statement.

Replace command is used to locate specific text in a document.

Margins means the amount of spaces above or below the paragraph.

By default margins are set to 1 from top and bottom and 1 from left and right.

Portrait means you will see the page in a horizontal order.

Paper size depends on the type of printer you use with your computer.

1-Fill in the blanks with the help of given words;

animations, theme, MS Powerpoint, Slide show, Pictures

1	_____ is most commonly used presentation software.
2	A _____ is the background of a presentation with predefined colours, fonts, and effects.
3	You can take a _____ from the clip art gallery and set as the slide background.
4	_____ is the view of the slides one after another in your presentation.
5	_____ can be used to animate objects that need to end during a slide show.

2- Write (T) for true and (F) for false statement.

A colour scheme means the set of different colours used in designing the slide.

Background is the view behind the main objects.

Format tab helps in editing the picture or Clip Art.

Motion Paths is a type of animation effect.

Photo Album option is present in the View tab.

درج ذیل کو فعل ماضی اور فعل مستقبل میں بدل کر دوبارہ لکھیں۔

• جب بھی بارش ہوتی ہے ، سیلاب آتا ہے ۔

• عید الفطر کیوں منائی جاتی ہے؟

• عید الاضحیٰ کیوں منائی جاتی ہے؟

• عیدین کے معاشرتی فوائد لکھیں؟

**Give short answers**

What is the five-kingdom system? Write their names.

Define Biodiversity.

Could you define the importance of classification?

Write the classification of vertebrates.

Write the groups of Invertebrates.

**Give short answers**

Define microorganisms and their groups.

Write the diseases caused by microorganisms.

How infectious diseases spread from person to person. Write 5 ways.

How can we prevent infections?

What is a pathogen?

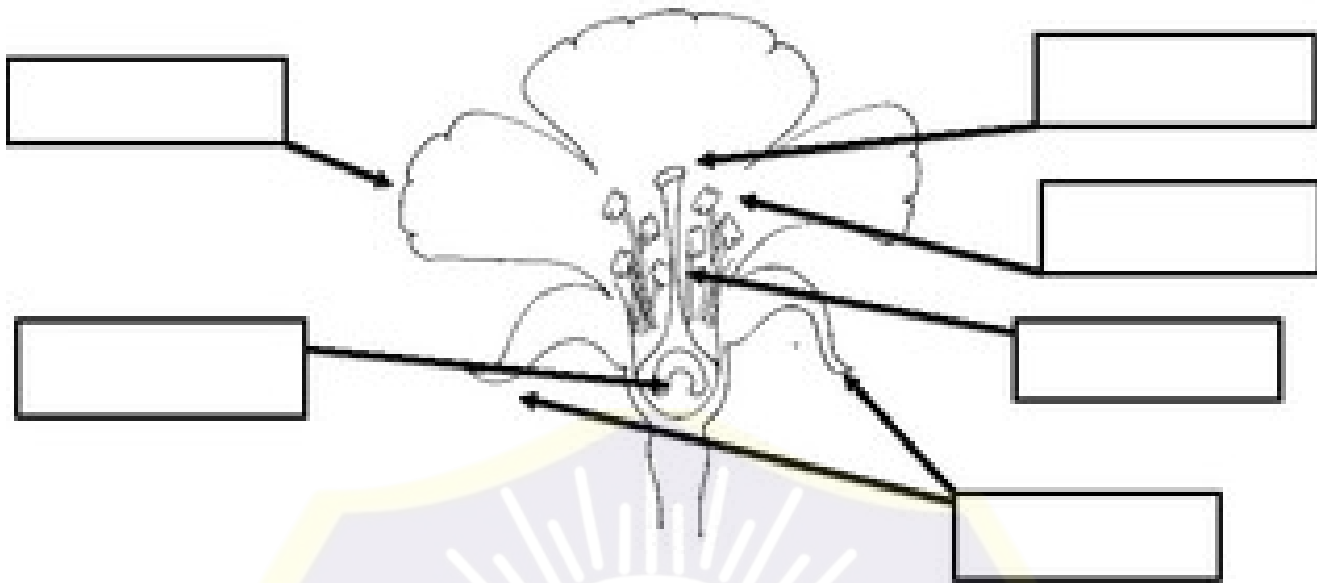

Differentiate between the terms.

Self-pollination	Cross-pollination

Sexual reproduction	Asexual reproduction

Gram seed	Maize seed

Label the parts of flower.**3- Fill in the blanks.**

Animals that eat both plants and animals. _____

Materials that are decomposed soon _____

Substances that make the environment unfit for living things. _____

Organisms that break down dead bodies of animals and plants . _____

Factories are causing which ty pe of pollution? _____

**Give short answers**

1. Why are some bacteria and fungi called decomposers?

2. What are microorganisms?

3. What are pathogens or germs?

4. How are fungi useful to us?

5. Name a few viral diseases.

6. What are some advantages of microorganisms?

**Give short answers**

1. Define a food chain?

2. What is environmental pollution?

3. What are herbivores, carnivores and omnivores?

4. Why must we use cloth bags instead of polythene bags?

5. Define decomposers.

6. Explain a food web with examples.

Give short answers

1. How are chemical changes useful? give three examples.

2. Why is cutting wood physical and burning is chemical change?

3. A puddle of water disappears in some days. Why explain?

4. Dilute and concentrated solution.

5. Describe three phases of water.

6. Explain physical change and also its examples

**Give short answers**

How can we accelerate the process of dissolving substances in water?

Differentiate between evaporation and condensation,

Identify the change “physical” or “chemical”

Rotting of fruit	
stretching a rubber band	
baking a cake	
tearing the paper	
rusting of iron
